SEKINAT AKANDE / DATA ANALYST

08085928896 • akandesekinat2004@gmail.com

My Portfolio Tableau LinkedIn Profile Projects(GitHub)

Experienced Data Analyst with a strong background in data visualization, data analysis, dashboard development, and data integration. Skilled in transforming complex datasets into actionable insights, collaborating across teams, and optimizing dashboard performance. Proficient in SQL and effective at explaining technical concepts to non-technical stakeholders to facilitate data-driven decision-making.

Technical Skills

- Data Visualization Tools: Tableau, Microsoft Power BI, Excel
- Data Integration & Analysis: SQL, Python, Tableau Prep, Tableau Server
- Data Skills: Exploratory Data Analysis (EDA), Statistical Modeling, Data Quality Assurance, Data Reporting
- Data Engineering: SQL Server Integration Services (SSIS), Extract, Transform, Load (ETL), Data Warehousing
- Programming Languages: Python, SQL, Excel VBA
- Databases: MySQL, PostgreSQL, MSSQL

Experience

Meri Skill | Indiana | United States Data Analyst Intern

April. 2024 - Present

- Demonstrated expertise in data visualization by creating Tableau dashboards that effectively conveyed KPI communication by 30%, showcasing the ability to respond to client requests with well-designed solutions.
- Designed and deployed over 5 interactive dashboards using Power BI, providing real-time insights into sales and customer metrics that enhanced decision-making at the management level.
- Developed interactive Power BI dashboards and comprehensive reports focusing on sales and supply chain data; enhanced stakeholder decision-making efficiency through actionable insights, resulting in a 25% increase in response times.
- Optimized data processing workflows using SQL and PostgreSQL, enhancing data retrieval efficiency by 30%.

Aptech Learning | Lagos | Nigeria Junior Data Analyst

February. 2023 – January. 2024

- Created Visualizations and Reports using Tableau and Excel that were used by stakeholders to make data-driven decisions, resulting in 30 % increase in revenue.
- Collaborated with engineering, QA and compliance to build a sustainable data accuracy framework.
- Conducted exploratory data analysis (EDA) on large datasets to identify trends and insights using SQL resulting in a 20% increase in sales accuracy.
- Managed extensive datasets using SQL and Excel, performing in-depth analyses that informed weekly reports and supported data-driven strategies for business improvement.

Projects

Title: Analyzing Gender Pay Disparities: Analyzed global salary data from the 2023 Data Visualization Society survey, focusing on gender pay disparities, experience, and education.

Tool: Tableau Public Link, Tableau

University of Lagos	(2024 in view)
• LLB, Law	
Cisco Networking Academy	October 2022
Data Analysis Essentials	
Accenture Data Analytics and Visualization	April 2024
HackerRank SQL Certificate	October 2023
Google Data Analytics Professional Certificate	January 2023

Volunteer Experience

• Project Showcase, Women in Data Africa
